

Resolution:

The IVV award for events and kilometers will be granted in the following increments:

Events: after 10, 30, 50, 75, 100, 125, etc. up to 600 events.

After that, the walker has the choice to hand in the record book, either after 50 events (650, 700, 750, etc.) or after 100 events (700, 800, 900, etc.).

Kilometer: after 500, 1,000, 1,500, etc. up to 10,000 km.

After that, the walker has the choice to hand in the record book, either after 1,000 km (11,000, 12,000, 13,000, etc.) or after 5,000 km (15,000, 20,000, 25,000, etc.).

The implementation, especially awards and price for record books, is at the national association's discretion.

The implementation of the increments mentioned above can be made at once, but must be carried out by 1st January, 2018 at the latest. A later implementation (justified exception) can be requested at the IVV Presidium.

The IVV will ask the national associations for their prices for record books and awards and publish the information (list see below).

Recommendation:

It is recommended to use basically a certificate as IVV award. Further awards should be available for purchase by walkers (pin, badge). The IVV has pins and badges of the previous increments in store for the national associations.

It is recommended to carry out the IVV award with the following record books:

Events:

Event card (green)	10 events (increment 10, preferably free of charge)
Record book (purple)	up to 600 events (increment 20/25)
Record book (red)	more than 600 events (increment 50 or 100)

Kilometer:

Record book (blue)	up to 10,000 km (increment 500 km)
Record book (yellow)	more than 10,000 km (increment 1,000 or 5,000)
