

Southside Lions Park is a 600 acre tract that was purchased by the city of San Antonio from the estate of George W. Brackenridge in 1944 and 1966. The Park has a community center, a lake, a pool, sports fields and trails. The park, also known as Hi-Lions Park, takes its name from the organization that worked to preserve the area for public park land. In 1944, the City purchased 346.45 acres from the Brackenridge estate for the purpose of a landfill. Residents of the Highland Park area and members of the Highland Park Lions Club successfully petitioned the City to use the land as a park instead of a garbage dump. Prior to development of the park, 22 acres were deeded in 1953 to the San Antonio Independent School District for construction of Highlands High School.
